**Inspector Observations:**

A routine inspection was attempted this date. Upon arrival, live german cockroaches (too numerous to count) of varying life stages were observed throughout the facility (prep line, cooks line, dry storage, janitorial, warewash area, etc.) as well as extensive numbers of dead german cockroaches on the floors throughout the facility. Extensive buildup and old food debris were observed on the flooring and equipment throughout the facility. Ensure pest control services the facility. All evidence of vermin activity must be removed and the affected areas thoroughly washed, rinsed, and sanitized. Once the infestation has been eradicated and all areas cleaned, contact this department at (951)273-9140 to schedule a reinspection.

\*NOTE: The facility posted their own closure sign. Ensure the sign remains posted and the facility remains closed until a representative of this department verifies the facility meets health standards and can be reopened.
